Chartwell Seniors Housing Real Estate Investment Trust ("Chartwell" or the "Trust") is an open-ended, unincorporated investment trust governed by the laws of the Province of Ontario and was created pursuant to the Declaration of Trust dated July 7, 2003, as amended ("Declaration of Trust"), when one Trust Unit was issued for cash. Chartwell began operations on November 14, 2003 for the purpose of owning, operating and managing retirement homes and long-term care properties.

1. Significant accounting policies:

(a) Basis of presentation:

These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles ("GAAP") and are consistent with those policies and methods of application as disclosed in the annual audited consolidated financial statements prepared as at and for the year ended December 31, 2009, except as disclosed below.

These consolidated financial statements do not include all of the disclosures required by Canadian GAAP applicable to annual financial statements and should be read in conjunction with the annual audited consolidated financial statements and the accompanying notes included in the 2009 Annual Report.

(b) Restricted Unit plan:

In 2008, Chartwell approved the adoption of a Restricted Unit plan which was implemented in 2009. Under the plan, qualified senior employees are granted notional Trust Units on an annual basis which will vest three years after the date of any grant and will be paid out in cash. The notional Trust Units earn additional notional Trust Units related to distributions that would otherwise have been paid if Trust Units had been issued on the date of the grant. The number of notional Trust Units issued in regard to distributions is based on the fair market value of the Trust Units, as defined by the plan, on the date distributions are paid. Such grants are based on an individual's performance as compared to goals set at the beginning of a given year and intended to supplement awards under the annual bonus plan. Restricted Units are recognized as compensation expense evenly over the vesting period, with the corresponding amount recorded as a liability on the consolidated balance sheet. The liability is adjusted to fair market value based on the trading value of Trust Units at each reporting date.

1. Significant accounting policies (continued):

(c) Future accounting changes:

(i) Multiple deliverable revenue arrangements:

In December 2009, The Canadian Institute of Chartered Accountants ("CICA") issued EIC-175, Multiple Deliverable Revenue Arrangements ("EIC-175").

EIC-175, which replaces EIC-142, Revenue Arrangements with Multiple Deliverables, address some aspects of the accounting by a vendor for arrangements under which it will perform multiple revenue generating activities. The new standard is effective for the Trust's interim and annual consolidated financial statements commencing on January 1, 2011 with early adoption permitted as of the beginning of a fiscal year. Chartwell is assessing the impact of the new standard on its consolidated financial statements.

(ii) Business combinations, consolidated financial statements and non-controlling interests:

In January 2009, the CICA issued three new standards:

Section 1582, Business Combinations:

This section replaces the former Section 1581, Business Combinations, and provides the Canadian equivalent to International Financial Reporting Standard ("IFRS") 3, Business Combinations (January 2008). The new section expands the definition of a business subject to an acquisition and establishes significant new guidelines on the measurement of consideration given, and the recognition and measurement of assets acquired and liabilities assumed in a business combination. The new section requires that all business acquisitions be measured at the full fair value of the acquired entity at the acquisition date even if the business combination is achieved in stages, or if less than 100% of the equity interest in the acquiree is owned at the acquisition date. Subsequent changes in fair value of contingent consideration classified as a liability will be recognized in earnings and not as an adjustment to the purchase price. Restructuring and other direct costs of a business combination are no longer considered part of the acquisition accounting and such costs will be expensed as incurred, unless they constitute the costs associated with issuing debt or equity securities.

1. Significant accounting policies (continued):

Section 1601, Consolidated Financial Statements, and Section 1602, Non-controlling Interests ("Section 1602"):

These two sections replace Section 1600, Consolidated Financial Statements. These two sections are the equivalent to the corresponding provisions of International Accounting Standard 27, Consolidated and Separate Financial Statements (January 2008). The new sections require that, for each business combination, the acquirer measure any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. The new sections also require non-controlling interest to be presented as a separate component of unitholders' equity. Under Section 1602, consolidated net income and other comprehensive income are allocated to the controlling and non-controlling interests based on relative ownership interests.

The new standards are applicable to Chartwell prospectively to business combinations for which the acquisition date is on or after January 1, 2011. Early adoption is permitted, if all three sections are applied at the same time. At present, Chartwell does not expect to adopt these sections earlier than the effective date.

(iii) Harmonizing of Canadian and international standards:

In February 2008, the Canadian Accounting Standards Board issued an exposure draft proposing that accounting standards in Canada for publicly accountable profit-oriented enterprises will converge with IFRS for interim and annual reporting periods beginning on or after January 1, 2011. The Trust's first annual IFRS consolidated financial statements will be for the year ending December 31, 2011 and will include the comparative period for the year ending December 31, 2010. Starting with the first quarter of 2011, the Trust will provide unaudited consolidated financial statements in accordance with IFRS, including comparative figures for 2010. The impact of the transition to IFRS on Chartwell's consolidated financial statements has not yet been determined.

2. Acquisitions:

(a) Acquisitions during the nine-month period ended September 30, 2010:

- (i) On March 9, 2010, pursuant to the Settlement Agreement ("Settlement Agreement") with entities affiliated with Le Groupe Melior ("Melior"), Chartwell acquired, through foreclosure proceedings, three operating properties and one parcel of vacant land from Melior. In addition, Chartwell acquired from Melior another parcel of land for \$1,750. This cash was used to pay off the existing debt on the land.

In accordance with Canadian GAAP, assets acquired through foreclosure should be recorded at their fair value and any difference between the carrying amounts of the loans prior to foreclosure and the fair value of such assets recognized as a gain or loss. The above foreclosures did not result in any gain or loss as the carrying values of the mezzanine loans receivable were reduced to the underlying fair value of the properties that secured these mezzanine loans.

- (ii) On May 14, 2010, Chartwell acquired a 50% interest in six retirement communities in the United States (the "Meridian Portfolio") from entities affiliated with ING Real Estate Investment Management Australia PYT ("ING"). The purchase price before closing costs was U.S. \$110,500 and was settled through the assumption of debt of U.S. \$74,649, not including mark to market adjustments, settlement of outstanding receivable of U.S. \$6,000, with the balance, net of working capital adjustments, being paid in cash. Prior to the completion of this transaction, Chartwell owned a 50% interest in the Meridian Portfolio.
- (iii) On June 1, 2010, Chartwell acquired a 50% interest in eight long-term care properties in Ontario (the "Regency Portfolio") from ING. The purchase price before closing costs was \$79,500 and was settled through the assumption of debt of \$68,013, not including mark to market adjustments, with the remaining balance, net of working capital adjustments, settled in cash. Prior to the completion of this transaction, Chartwell owned a 50% interest in the Regency Portfolio.
- (iv) On June 1, 2010, Chartwell acquired a 50% interest in a retirement property in Vaughan, Ontario from Spectrum Seniors Housing Development LP ("Spectrum"). The purchase price before closing costs, was \$17,350 and was settled through the assumption of debt of \$15,076 with the remaining balance due, net of working capital adjustments, being paid in cash.

In the nine-month period ended September 30, 2010, Chartwell completed foreclosures of three operating properties and one parcel of vacant land in Quebec (note 2). As a result, mezzanine loans with a carrying amount of \$12,791 were settled. The original amount of the loans was \$22,639, which was reduced by fees recorded as a reduction of mezzanine loan balances of \$1,031, and a previously recorded impairment provision of \$8,817.

In the nine-month period ended September 30, 2010, Seasons repaid two of its mezzanine loans in the amount of \$2,383 and Spectrum made a partial repayment of one of its mezzanine loans in the amount of \$397.

During the three-month period ended September 30, 2010, one of Spectrum's mezzanine loans in the amount of \$2,607 was assumed by Seasons and one of its mezzanine loans in the amount of \$1,875 was settled on acquisition of a property (note 2).

4. Mezzanine loans receivable (continued):

(a) Spectrum:

The loans are secured by second charges or pledges of Spectrum's interest over 15 (December 31, 2009 - 18) seniors housing development properties. In addition, the loans are cross defaulted.

During the three-month period ended June 30, 2010, Chartwell agreed to extend the term of its settlement agreement with Spectrum from the original date of August 16, 2010 to December 31, 2010 to allow Spectrum more time to complete its orderly wind-down.

(b) Melior:

The loans are secured by second mortgages over six (December 31, 2009 - 11) seniors housing development properties.

(c) Seasons:

These loans are secured by second charges over five (December 31, 2009 - six) seniors housing development projects. In the three-month period ended September 30, 2010, Seasons acquired one property from Spectrum and assumed its mezzanine loan of \$2,607. The loan matures on March 31, 2011.

(d) Others:

These loans are secured by second charges over 10 (December 31, 2009 - 10) seniors housing development properties.

Subsequent to September 30, 2010, Seasons and its partners notified Chartwell of their intent to repay mezzanine loans on four projects totalling \$11,661, of which Seasons' share was \$5,831 with the remaining \$5,830 included in the others category. Seasons has also notified Chartwell that they will be fully internalizing management of these four properties effective January 1, 2011.

4. Mezzanine loans receivable (continued):

Each mezzanine loan matures on the earliest of: (a) the fifth anniversary of the initial advance of the funds; (b) the date of sale of the related development property; or (c) on the second anniversary of the date upon which the property achieves a stabilized occupancy, as defined in the Development and Loan Agreements with the Borrowers. No principal amounts are due prior to maturity of each loan.

The following table represents the loan maturity schedule assuming that all outstanding mezzanine loans mature on their fifth anniversary date:

	Spectrum	Melior	Seasons	Other joint venture partners	Total
Balance of 2010	\$ 7,915	\$ 15,435	\$ 2,380	\$ 4,531	\$ 30,261

7. Discontinued operations:

On October 1, 2009, the Trust divested its 49% interest in Horizon Bay Realty LLC ("HBR"), whose assets and liabilities included: equipment, current assets, trade accounts receivable and certain other assets and liabilities and were included in the Trust's U.S. operating segment (note 14). HBR owns 50% of management company Horizon Bay Chartwell LLC ("HBC") with the remaining 50% of HBC being owned by the Trust. Upon completion of the HBR transactions, the Trust's 74.5% interest in HBC, 50% direct ownership and 24.5% indirect ownership through HBR, has been reduced to a 50% direct ownership interest. As part of the transaction, Chartwell increased its ownership interest in Horizon Bay Chartwell II LLC by 5.5%.

On June 30, 2010, the Trust disposed of one retirement community which assets and liabilities were included in the Canadian Retirement Operations segment for \$15,250. The purchaser assumed the existing debt of \$12,258 with net proceeds of \$2,786, net of working capital adjustments being received in cash. The Trust recorded a gain on sale of \$4,394 as a result of this transaction.

During the nine-month period ended September 30, 2010, the Trust committed to a plan to divest two Canadian retirement communities which assets and liabilities were previously included in the Canadian Retirement Operations segment. Accordingly, the results of operations and financial position have been presented separately as discontinued operations and assets and liabilities held for sale in the consolidated financial statements. The carrying value of these properties has been reduced by \$8,600 to the estimated fair value less costs to sell.

11. Unitholders' equity (continued):

(c) Deferred Unit plan:

During 2008, the Trust implemented a deferred unit plan which was approved by unitholders at the annual general meeting held on May 21, 2009. The plan entitles independent directors, at their option, to receive all, 75%, 50% or 25% of their trustee fees in the form of Deferred Trust Units. The number awarded is based on the fair market value, as defined by the plan, of the Trust Units on the award date. The Deferred Trust Units earn additional Deferred Trust Units related to distributions that would otherwise have been paid if Trust Units, as opposed to Deferred Trust Units, had been issued on the date of the grant. The number of Deferred Trust Units issued in regard to distributions is based on the fair market value of the Trust's Units, as defined in the plan, on the date distributions are paid.

Effective July 1, 2010, the deferred unit plan was amended for subsequent issuances, among other things, to provide that director fees elected to be received in deferred units would be matched on a one-for-one basis by the Trust.

The following table summarizes the Deferred Trust Unit activity for the nine-month period ended September 30, 2010:

	Units granted		Reinvested distributions		Total

15. Supplemental cash flow information (continued):

In accordance with Chartwell's Seventh Amended and Restated Declaration of Trust, the distributions to Trust unitholders will be within the discretion of the Trustees. Trustees will continue to rely upon forward-looking cash flow information, including internal forecasts and budgets to establish the level of cash distributions.

During the three-month and nine-month periods ended September 30, 2010, interest paid amounted to \$24,408 and \$77,041 (three-month and nine-month periods ended September 30, 2009 - \$22,534 and \$75,275), respectively.

16. Income taxes:

For the three-month and nine-month periods ended September 30, 2010, Chartwell recorded a current income tax expense of \$84 and \$246 (three-month and nine-month periods ended September 30, 2009 - \$92 and \$5) and a future income tax expense (recovery) of (\$1,303) and \$782 (three-month and nine-month periods ended September 30, 2009 - (\$4,234) and \$(7,175)), respectively.

As at September 30, 2010, the net future tax assets of Chartwell's U.S. corporate subsidiaries consist of net operating losses and tax and book basis differences relating to the United States operations of \$48,608 (U.S. \$47,238) against which a valuation allowance of \$48,608 (U.S. \$47,238) has been recorded.

17. Financial instruments and financial risk management:

Financial risk management objectives and policies:

In the normal course of business, Chartwell is exposed to risks of varying degrees of significance, which could affect its ability to achieve its strategic objectives for unitholder returns. Chartwell is exposed to financial risks that arise from the fluctuation of interest rates, the credit quality of its residents and borrowers pursuant to mezzanine loans, risks of changes in foreign exchange rates and rate and other regulations by provincial governments.

17. Financial instruments and financial risk management (continued):

The Board of Trustees has overall responsibility for the establishment and oversight of the Trust's financial risk management framework and policies. Management is responsible for developing and monitoring the Trust's financial risk management policies and reports regularly to the Board of Trustees on its activities.

There have been no significant changes to the Trust's risk management policies and strategies since December 31, 2009.

18. Commitments:

During the nine-month period ended September 30, 2010, the Trust entered into construction contracts to develop two retirement facilities. The total estimated cost of the two facilities is approximately \$33,000 and construction is expected to take approximately 18 months to complete.

During the three-month period ended September 30, 2010, Chartwell, along with its joint venture partner, jointly and severally guaranteed CMHC insured loans on two properties totalling \$30,715. The Trust has obtained appropriate security from its joint venture partner for such guarantees.

19. Capital structure financial policies:

The Trust monitors capital based on the debt to adjusted gross book value ratio as required by the Declaration of Trust.

The Trust's strategy for capital management is driven by policies stated under the Declaration of Trust and external requirements from certain of its lenders. There have been no changes in the Trust's capital management strategy since December 31, 2009.
